Far too many folks save their money thinking it will be available for retirement or a rainy day. But lawsuits in America continue to grow at an alarming rate. It is time we stand and protect ourselves using legitimate laws that aren't designed to evade taxes. Asset Protection Simple. Powerful. takes a new approach to protecting wealth. Instead of complicated strategies that attempt to protect from any hypothetical lawsuit attack, Attorney Gary L. Fales uses a more practical angle. You need an asset protection plan that is powerful and that means keeping the plan as simple as possible. A simple plan is one that actually exists, is easy to understand and easy to maintain. A powerful plan is one that actually protects assets from potential creditors. The Nevada Asset Protection Trust is the ideal cornerstone of any asset protection plan because it is simple yet powerful. Gary L. Fales explores the options that are available for asset protection and analyzes these popular options with the Nevada Asset Protection Trust.
